RENLITA S-3000 FOLDAWAY DOORS

The Renlita Foldaway S-3000 Counterweight Balanced Door spans up to 90 feet to make an outstanding statement.

With the capacity to accept a wide variety of sizes, claddings and glazing patterns, they have the potential to radically showcase your building.

This door is designed to suit most residential, commercial and industrial applications.

The S-3000 door is a two leafed overhead folding door, hinged horizontally and rises vertically to stack in a folded position under the header.
